

September 24, 2020

Dear Glen Eden Members;

Glen Eden continues in our efforts to protect the health and safety of all of our members. The threat of infection continues to be a major concern. Recently, the State of California implemented a new color-coded system for rating the “Threat of Risk of Community Transmission” of COVID-19.

Measure	Higher Risk → Lower Risk of Community Disease Transmission***			
	Widespread	Substantial	Moderate	Minimal
	Tier 1	Tier 2	Tier 3	Tier 4
Adjusted Case Rate for Tier Assignment** (Rate per 100,000 population* excluding prison cases^, 7 day average with 7 day lag)	>7	4-7	1-3.9	<1
Testing Positivity^ (Excluding prison cases^, 7 day average with 7 day lag)	>8%	5-8%	2-4.9%	<2%

On September 22, 2020, Riverside County moved from Purple - “Widespread Threat” to Red - “Substantial Threat”. Each color has specific requirements to respond to the level of threat of infection. This change will allow us to make some modifications to our COVID-19 Requirements. The General Manager has reviewed our current COVID-19 practices and the following are revised requirements based on our new Red Risk status.

Revised COVID-19 Requirements:

1. Physical distancing of at least six feet is required in all areas.
2. Facial covering is not an alternative to physical distancing of at least six feet.
3. Except for members of the same household, facial covering is highly recommended in all social gathering situations, including rental sites, even when physical distancing of at least six feet is being maintained.
4. Facial covering is required when entering and exiting common recreation areas, including pools and spas. When using a chair or a lounge and six feet of social distancing is being maintained, facial covering may be removed but must be readily available to be deployed as needed.
5. Facial covering may be removed when in the pools or spas as long as six feet of social distancing is maintained. Facial covering must be readily available to be deployed as needed.
6. Facial covering must be readily available to deploy should physical distancing not be possible. For example, when walking.
7. Exceptions to facial covering requirements are provided within approved activity mitigation plans.
8. Wash hands and/or use hand sanitizer frequently.

Additional COVID-19 Requirements:

1. To reduce the threat of COVID-19 infection and limit social gatherings, access to the common recreation areas, including the main pool patio, tennis patio, and pickleball patio shall be reduced. Access to the common recreation areas will be restricted to the number of chairs and/or loungers available. Members may not move chairs, tables, or loungers unless approved by management.
2. Use of the Main swimming pool shall be limited to 22 people.
3. Use of the Indoor swimming pool shall be limited to 6 people.
4. Use of the Hot Tub shall be limited to 8 people.
5. Use of the Multi-Purpose pool shall be limited to 12 people.
6. Use of the Conversation pool shall be limited to 8 people.
7. Limited entertainment will be permitted with attendance restricted to the number of chairs and loungers available.
8. No dancing permitted.
9. Use of Rental units and RV hook-up sites will continue on a reservation basis.
10. Water Volleyball, Zumba, Outdoor Yoga, Ukulele Jam, Pottery Studio, Tennis, Pickleball, Volleyball, Outdoor Billiards, Water Aerobics, and Karaoke will be allowed to continue subject to approved mitigation plans.
11. The Bookstore, Naked Needle Studio, Gym, and Library will be opened with restricted capacity based on approved risk/mitigation plans.
12. Modifications to these restrictions may be made by the General Manager subject to changing State and County requirements and other needs that may impact effective implementation.

Thank you for being a part of the Glen Eden family.

Sincerely,

Steve Spencer
President
