New Regional Stay-at-Home Order

California Department of Public Health

Greetings;

This notice is to inform you of new COVID-19 restrictions issued by the California State Department of Public Health on December 3, 2020, in regions with less than 15% ICU availability.

<https://covid19.ca.gov/stay-home-except-for-essential-needs/>

On December 5, 2020, the availability of ICU beds in the Southern California Region fell to 13.1% which triggered the new Regional Stay Home Order.

Read the new Order here: <https://gleneden.com/12-3-20-stay-at-home-order-icu-scenario/>

As a result, effective 6:00 am on December 6, 2020, the Glen Eden Sun Club will implement the following provisions in compliance with the new Regional Stay-at-Home Order.

These actions are taken in addition to the COVID-19 restrictions currently in place at Glen Eden. Our goal is to take seriously the required restrictions in order to significantly lower the threat of COVID-19 infection among our members, guests, and staff. These steps are being taken knowing the adverse impact on social gatherings and activities which are fundamental to our club and lifestyle.

By working together, we will get through this. There is a light at the end of the tunnel. The vaccines that will soon become available will work to give us the protection needed to return to more "normal" times. Let's all hunker down now so we can enjoy next Spring/Summer.

What you can do at Glen Eden during the expanded Stay-at-Home Order...

1. **Stay home except for essential trips.**
2. **Wear a mask at all times when outdoors.** Exceptions include when exercising alone or with members of the same household.
3. Take-Out orders will continue to be available from the cafe.
4. Walking, jogging, running, and bike riding for exercise is encouraged.
5. Swimming laps in the outdoor pools for exercise is encouraged. Limit to 2 people in the new pool and 4 people in the main pool not to exceed 30 minutes if people are waiting.
6. Use of the Community Garden with access limited to one household at a time.
7. Participation in Zoom activities is encouraged.
8. Use of shower rooms and restrooms are allowed with current number access restrictions.

What can't we do at Glen Eden for the next three weeks...

1. **All** indoor and outdoor gatherings are prohibited. This includes gatherings on individual sites except for those who live on that site.
2. Reservations for overnight camping, RV rental sites, and rental units are prohibited.
3. Use of common areas for gathering/socializing are prohibited. This includes use of tables, chairs, and loungers in any common area.
4. Activities, including previously approved tennis, pickleball, billiards, art studio, and water aerobics are prohibited.
5. Use of the Jacuzzi and conversation pool is prohibited.
6. Bookstore will remain closed.
7. Library will be closed to the public.

Thank you for your understanding during these trying times. Hopefully, these restrictions will only be in effect for the next three weeks assuming the overall ICU bed availability improves to greater than 15%.

If you have any questions or concerns, please contact the GE General Manager or Assistant General Manager.

Sincerely,
Art Bell
General Manager
